

TechScan moisture meter

Save time, and work with confidence, with TechScan. It's the next generation of pinless moisture meters ideal for building inspections.

The right diagnostic tools are a must when you have to inspect the walls, floors or ceilings of buildings. TechScan pinless moisture meter makes it easy to quickly scan large surfaces for moisture. Use it as a stand-alone tool or with our pin-type moisture meter for further precise diagnosis.

The fast, accurate, and non-destructive TechScan will also be recommended for restoration projects, or to investigate your mobile home, caravan, camper or boat.

Your Benefits:

- Easy to read analog display
- Handheld, compact and lightweight
- Two scales:
 - Wood Scale - 5% - 30% moisture range for wood
 - Reference Scale - 0-100 color coded reference scale for non-wood building materials
- Temperature Range: -20 to 70°C/-4 to 158°F
- Calibrated to minimize false high readings
- Built-in calibration check
- Rugged, one-piece sensor measures moisture up to 19mm ($\frac{3}{4}$ " deep without damaging sample
- Take reading in hard-to-reach places easily with hold
- Adjustable alarm alerts you when preselected moisture level is reached, easily compare to established dry standard
- Advanced RF technology quickly scans wood, drywall, concrete, and other building materials
- Size: 14x8,5x3cm (5 5/8x3 5/16x1 1/4")
- Weight: 240gr. (8.5oz)
- Rugged construction ensures years of reliable use
- Sturdy plastic carrying case
- 9V battery
- 1-year warranty
