

J-Lite moisture meter

Whether you're experienced or just starting out, you can't go wrong with the J-Lite! With J-Lite's unique LED display, you'll be in the know no matter where the job takes you.

Your Benefits:

- 12 bright LEDs - Great for reading in direct sunlight or dark areas
- Moisture Range: 6%-30%
- Built-in calibration check
- Integral contact pins mounted on the meter prove 8mm. (5/16") penetration
- Built-in connector accepts any Delmhorst electrode
- Size: 20x8x4cm (8" x 3" x 1 5/8")
- Weight: 285gr. (10 oz.)
- Rugged construction ensures years of reliable use
- Sturdy plastic carrying case
- 9V battery
- 3-year warranty

Available recommended electrodes:

26-ES Hammer electrode

Easily check high density hardwood that short pins are unable to penetrate. It will also easily penetrate through flooring to plywood sub-floor or concrete.

2-E pin electrode

Great for hard to read areas. Use on timber, poles and veneer.

Available accessory:

MCS-1

Moisture content standards are great for verifying that your Delmhorst moisture meter is in calibration. The MCS-1 can be used on any meter with a wood scale. With two electrical resistance values (12% and 22%) to test your meter against, you can be sure that your readings will stand up to the strictest standards of accuracy.
